L A U N C H **ZOO** launch their second CD 'Discovery of Land' at a special promotional event held at Oldknows Studios, Nottingham. International artists Denise Weston and Simon Withers open their studios to host an evening of live music, multimedia and art.

ZOO will perform two live sets featuring tracks from their debut CD 'Sinistra' and 'Discovery of Land' as well as an eclectic and original mix of jazz, minimalism and story-telling.

In April 2002, East Midlands quintet **ZOO** recorded 'Discovery of Land'. The CD features 4 original group compositions. The sublime 'Driving in the rain' opens the proceedings. This is followed by the chutzpah that is 'Arrogant Man'. 'Not there' is a stripped back bitter sweet piece. Finally, the jazzy, little number 'Waiting' closes the disc.

R E A C T I O N **ZOO** have been described variously as Everything but the girl meets Suzanne Vega, and compared to the Isely Brothers, Radiohead, Massive Attack, Lalo Schifrin as well as a cross between the Mamas & Papas on acid and a psychedelic New Seekers!
'ZOO...nice music, but with a sinister edge...'

We welcome you to our launch event.
Photo opportunities will be available Sunday 14th July at Oldknows Studios.
